

Future WSSI Developments

The WSSI will experience science-based evolution during the next two years.

Refined Colors and Definitions

- A funded Joint Technology Transfer Initiative (JTII) grant with the Weather Prediction Center and Nurture Nature Center will utilize social scientist to improve colors, definitions and the appearance of the WSSI
- NWS personnel, NWS partners and members of the public will be surveyed and interviewed to solicit advice for improvements
- WSSI changes will incorporate recommendations from the team of social scientist from the Nurture Nature Center.
